

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global trade. Transporting industrial goods occurs each day on our industrious world. First innovated as industrial vehicles during the 1930s in America, forklifts gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread worldwide.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply referred to as TCM Corporation. Throughout the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation with the industry. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures numerous models of industrial forklifts with over 50 years of accumulated technology and expertise, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
