

Concrete Hoppers

Concrete Hopper - This particular accessory is a self-dumping hopper that automatically sets off to unload when bumper release contacts the side of a dumpster. When dumping is finished, the hopper goes back to a locked and upright position. This piece of machinery is even offered together with a cable which allows operation from the seat of the forklift so as to have the option of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the tine truck. This particular product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
